# ABOUT THE SPEAKERS

## **Dr. DANE PERVAN**

Dr. Dane Pervan graduated as a Doctor from the University of Western Australia in 1987. He commenced practicing Nutritional, Functional and Integrative Medicine in 2000 and became a member of ACNEM in 2002. Dr. Dane Pervan has been an original stakeholder of Mediscan since 2006 and is involved in ongoing research. He formulated the current algorithm for Mediscan so that it could be made more accessible to Practitioners and the general public.

He is extremely passionate about investigating and treating complex health issues, and uses Mediscan Hair Tissue Mineral Analysis as a regular tool to investigate heavy metal toxicity, mineral deficiencies and potential malabsorption. His aim is to simplify the complexity of interpreting these tests, so that more people can achieve better health.

## **Dr. SALLY PRICE**

Dr Sally Price is a Fellow of the Royal Australian College of General Practitioner (RACGP), an Integrative & Functional Medical Practitioner, a Fellow of Australasian College of Nutritional & Environmental Medicine (ACNEM) and Fellow of Australasian Society of Lifestyle Medicine (ASLM). Her passion for Natural Medical approaches was ignited with Ayurvedic Medicine where she then furthered her integrative medical practice with the use of Hair Tissue Mineral Analysis. Dr Price lectures for ACNEM and addressed the inaugural ASLM conference on Gut Microbiome in 2016. Dr Price provides seminars through Healthy Vitality Nutritional Medicine and Lifestyle Support for Health Professionals and the public. Dr Sally Price is the Medical Director of Perth National Institute of Integrative Medicine, opening in 2019.

## **Dr. PETER DINGLE**

Dr. Dingle has spent the past 30 years as a researcher, educator, communicator and author. Formerly an associate professor at Murdoch University, Dr. Dingle has written more than 15 books on living well. Blending motivation and humour, Dr. Dingle regularly appears on state and national media. He was the presenter on the award-winning SBS program, "Is Your House Killing You?" and appeared regularly on ABC's "Can We Help?" Dr. Dingle is also the grandfather of the acclaimed "Living Smart" program.

One of the most informative and entertaining health speakers in Australia, Dr. Dingle helps cut through medical and health myths to give you the real facts on evidence-based wellness. He presents cutting-edge research findings in an accessible, down-to-earth manner and is known for his straight-shooting style and sense of humour.

## **Prof. JOHN WATLING**

John Watling holds the degrees of BSc (Hons), DIC and PhD (Imperial College, London). He is a Fellow of the Royal Society of Chemistry, Fellow of the Royal Australian Chemical Institute, a Chartered Chemist with both these organisations, a Chartered Scientist, Registered Analytical Chemist with the Royal Society of Chemistry and a Member of the Australian and New Zealand Forensic Sciences Society. He has over forty years experience in instrument design, applied analytical chemistry research, mineral exploration research, government service and consultancy. John is extensively involved in providing forensic consultancy to police forces both nationally and internationally. He is either author or co-author of over one hundred peer reviewed research publications.

## **THEO NAARSTIG**

The seminar will be chaired by Theo Naarstig. Theo is the Senior Partner and Founder of Mediscan, Point Walter Compounding Pharmacy and Health Quest Integrative Clinic. He has been a continuously registered pharmacist in WA/Australia since 1973 and has worked in business development overseas for large multinational pharmaceutical companies.
